2013 Visual Communication

OKLAHOMA STATE UNIVERSITY

Associate of Science
2007 Information Technology

EXPERTISE

RESEARCH
Skilled at grasping business, brand, and user goals. I use data gathering, analysis, and user testing to find solutions that land at the intersection of business requirements and user behavior.

PROCESS
Experienced in agile and waterfall. I have a flexible process, focused on research, planing, iteration, and execution. I lead projects from stakeholder interviews, through user journeys, wireframes, to final handoff.

DEVELOPMENT
Font-end with HTML5, CSS3, Javascript ES6
